Secure, Safe Option for your Financial Services

You can have peace of mind knowing that deposits are safe with us and are fully insured up to at least \$250,000.00. Your money is federally insured by the National Credit Union Administration (NCUA) and backed by the full faith and credit of the United States government. In the history of NCUA, not one penny of insured savings has ever been lost by a member of a federally insured credit union.

Despite the turbulent economic situation America is facing today, our conservative, responsible lending practices and guidance by the Board of Directors has prevented the credit union from being impacted by the current mortgage crisis.
